Cemetery Data Update File

This file contains data that was not contained in the original book. Since the book was written in 1992, there is new Sarasota cemetery data available. Submissions of new data will be entered into this file and incorporated into the other apporpriate files. This file was created to provide a data tracking method and a single source to check for updates to the data.

Please note that this data has also been inserted into the appropriate Cemetery files and Alphabetical files.
