Emily And Flora

Enclosed are copies of the information I compiled about the Padue Family. Some of some was in Mother and Dad's handwriting in her Bible. Some was on a slip of paper in Aunt Ada's handwriting. I made a telephone call to Anna Sadie Schwartz for some of their names, and some I remembered.

You will see I took the history to the 4th generation only, from Ferdinand and Maria, as I didn't have complete information ^{on all offspring} beyond the 4th.

Twin boys appeared in the 2nd and 3rd generations. So if all "good things end in three" — our children should produce the third set!
