OUR GOAL IS TO PRESERVE OUR HERITAGE THROUGH THE RESTORATION OR REPLACEMENT OF THE HISTORIC HEADSTONES AND MARKERS THAT MEMORIALIZE THOSE WHO HAVE GONE BEFORE US, AS WELL AS TO PROVIDE MARKERS FOR THE REMAINING UNMARKED EARLY VETERANS THAT ARE BURIED AT GRANDVIEW.

The Historic Marker Project of Friday's Council Tree Chapter, NSDAR is the result of locating historic markers at Grandview Cemetery, Fort Collins, CO that need restoration or serious cleaning. These markers were found during our eight-year project of photographing every marker in Grandview Cemetery, uploading ones not already found on Find a Grave and updating the cemetery database.

Grandview Cemetery is the heart of Fort Collins' history. Established in 1887 it contains the markers of the earliest pioneers as well as some of the soldiers from the original Camp Collins. Others buried there include Veterans from the War of 1812 forward, an entire family who perished in the blizzard of 1949, members of various service organizations and the famous as well as the quiet, hard-working backbone of the community. The theme of our Historic Marker Project is "Beloved in Life, Not Forgotten in Death." Each person buried here deserves to have his/her marker preserved for future generations to remember.

Thanks to funding from the Larimer County Genealogical Society's Conferences, other donations and our own budget, Friday's Council Tree Chapter will be able to start work on this very worthwhile project. For more information about this project contact us at: historicmarkerproject@gmail.com.
