On the next few pages are most of the extant photographs of the family of Alfred M. and Margaret Heather Stanley. Marvin has been fortunate to gather many of the pictures; it is possible that photographs of some of the family members never existed.

The earliest photo, one of Oliver H. and Nancy Stanley must be a photo of a Daguerreotype. Photos from the 1860s are typically Carte de Visite format $\sim 3\frac{1}{4} \times 2\frac{1}{8}$ " done 8 to a glass negative. Photos from the 1870s-1890s would be cabinet cards $\sim 6\frac{1}{2} \times 4\frac{1}{2}$ " and later photos could be of many formats.

Enjoy!
