The Light That Never Failed

There have been many ships that were thrown off their course, tossed over dangerous waves, and experienced horrible encounters, but were set back on their path by a light. In times of tranquillity the light shows the way for the ship as it makes its voyage. Were it not for this light the danger of ships would be much greater.

We, the Senior Class, have been most fortunate in having a very strong light that has never ceased to shine in the darkest hours, and the worst of storms. When we were thrown off our course, it was the light with its brightness that guided us to a port of safety. The seniors wish to thank this light, the faculty, for the interest it has shown, the brightness it has kept, and the many hardships it has made easy for us. We only hope that we have been worthy of the light's goodness and that its work has not been in vain.

Why Do We Attend School?

In the first years of our schooling all of us have more than once said this: "Why do I have to go to school?" This is an age-old question which, as the years roll by, answers itself. And in which time we, ourselves, have learned the answer.

One reason why we attend school is because our ancestors years back did the same. It is quite natural for the parent to want his or her child to have the same advantages which he or she had. In other words attending school might be called a custom.

As a result of our ancestors attending school this question arises—Why did they go to school? They went in order that they might carry on the management of the country successfully and peacefully which their parents, the colonists, had suffered so many dangers and sacrificed so many lives to establish. Their education consisted of what the first settlers brought from England with them.

An education now prepares us for the world ahead of us. We are taught things that happened years back in order that we may have an idea of what might happen tomorrow. We learn from experience. Knowing how similar incidents were dealt with, we can deal with others in a like manner. If we were not given the chance to learn what men before us have learned, with which they have risen to fame, how could we be expected to accomplish as they did or take their places? Competition is one of the main factors of life and if all did not have equal chances there would be no such competition. Learning gives one the opportunity to experience the persons and laws by which his rights are recognized.

Today the world demands an education. None of us have any responsibility without first learning the essential facts of life. Those who have the opportunity of learning these facts are the ones who will be helpful in the world if they apply what they have learned.

In going to school we mingle with heterogenous characters. If at first we conquer the problem of association in small circles, the larger ones will come naturally. Such is the reason for clubs, societies, and other organizations. One of the greatest characteristics a person can have is to be friendly with everyone, feel at ease around anyone. The first steps of meeting the public are being in our first year of school.

From these facts it is evident that we go to school for our own good and the nation's. Since these two are among the important ones that are necessary for success and happiness, let us cultivate ourselves to serve them the best we can and reap our benefits according to what we have sown.

Keen Interest Shown In First Annual Literature Exhibit

A tea and literature exhibition were given by the senior literature classes of Tallulah high school Thursday, April 11, in honor of the parents and friends of the class. The rainbow colors of the class were carried out. The exhibits were displayed in the work room of the home economics department. They were artistically arranged with a green background and intermingled with lovely lavender iris and pink roses. Joy Webb and Dicks Purdy graciously presided at the tea table. Delicious sandwiches, punch, and mints were served. The table was decorated with a beautiful lace cloth, in the center of which was an exquisite bowl of pink radiance roses. Green candles in crystal holders were the only means of illumination. These cast a soft glow over the room.

Among the exhibits were silhouettes of Browning, Meredith, Chaucer, Piers the Plowman, Milton, Boswell, Thackeray, and the scene from Shakespeare depicting "Lay on, MacDuff." Scenes were built out of various materials to represent Chaucer's Talbot Inn, Shakespearean Stages, Pageant Wagons, Glamis Castle, Ebbsfleet, The River Doon in the land of Burns, Formal Gardens of the age of Dryden and Pope, Silas Marner counting his gold, the blind poet Milton dictating his masterpiece "Paradise Lost" to his daughters, Robin Hood, Friar Tuck and Will Scarlet in the forest, Anne Hathaway's cottage, Somersby Rectory-home of Tennyson, and Evangeline waiting for Gabriel along Bayou Teche. Besides these there were two miniatures of Queen Elizabeth, an oil painting of Robert Burns, models of Shakespeare, the stage during his time and pageant wagons made from soap.

After much deliberation the judges, Mrs. B. Fisley and Mrs. Hugh Montgomery, awarded first place to the Talbot Inn designed by Gus Irving and John Edward Hughston; second, Fortune Theater designed by Helen Margaret Yerger and Clyde Wade, and third, to The Pageant Wagon and actors of Maggie Ellen Hall and Roy Boswell. Honorable mention was given to the exhibits of Dan MacDonald, Joy Webb, Susie B. Speed, Anna Elizabeth Long and Herman Holway.

The purpose of the exhibits was to promote interest and show some phases of the work done in literature studied this year. The display was the result of much ingenious labor by the members of the class

Annual Latin Banquet Carries Out Theme Of Roman Feasts

On February 15 the Latin club, under the leadership of Mrs. C. S. Pierce, held its annual banquet in the community room of the Methodist church.

In keeping with the ancient customs, the menu, table appointments and service carried out as nearly as possible the Roman feasts. Only candles were used for illumination.

A white cloth bordered with a wide purple stripe covered the "U"-shaped table. Candle sticks, salt cellars, glasses, spoons, and place cards formed the service.

In view of the fact that the time of the banquet was the exact date of the Roman "Feast of Sheperds," this motif was carried out in place

Trojans Win Class "B" Grid Title for 3rd Consecutive Year

When the football season started this year there were many who said that this year's team could never make the record that teams preceding it had, for there were only six lettermen left on the team. But they fooled them, and with the excellent coaching of M. A. Phillips and the hard work and cooperation of the boys they again won the class "E" title of the state.

The Trojans opened the season by defeating the Utica eleven, 13-9. In the second game the Trojans were defeated by the Ouachita Parish high school, a class "A" team, by a score of 13-0. The Trojans trimmed the Natchez eleven in the third game of the season with a score of 26-0. Durant, Miss., was the next victim. The Trojans defeated them with a score of 51-6.

In the next game, the first class "B" game of the season, Tallulah held their life-long rivals, the

Delhi Bears, to a scoreless tie, although crippled by not being able to use three men—Watts, Scott, and Bethea—who were out because of injuries, the Trojans played a great game, somewhat surprising the fans who expected the heavy and more experienced Bears to at least score on the Trojans.

Bastrop was the scene of the next game. The Trojans trimmed the Rams with a score of 19-0.

Again defending their class "B" championship, the Trojans met Forest at Tallulah, defeated them, 14 to 0, thus winning the right to enter the district play-off.

On November 29, in their first game of the playoff, Tallulah won from Delhi on downs. The game was a 6-6 tie, with Tallulah making seven downs to Delhi's two. Although played in a downpour of rain, the game was witnessed by a record crowd.

Scoring early in the second quarter, the Trojans won the district championship by defeating

Watson then paired with Walter Scott in the boys' doubles, losing to Jonesboro's double's team, 3-6, 7-5, 6-4.

the Choudrant Aggies, 6-0.

Tallulah played Arcadia for the North Louisiana title, easily defeating them by a score of 25 to 0.

Playing on their home field the Trojans won from the Varnado Wildcats, South Louisiana champions, by a score of 14-6, thus winning for the third consecutive year the Louisiana class "B" grid title.

They were: Ralph Holloway, tackle; Herman Holloway, guard; Captain "Soupy" Watts, tackle on the first team; J. Wade, quarterback; "Gator" Morton, halfback on second team, and S. the consolation singles medal over Patterson, 7-5, 6-3.

This is the first year Tallulah has had a tennis team and bids fair to go far next year with some promising material on hand. Although both Watson and Scott will be lost by graduation, Hunter Coad, a hard hitting southpaw, and Harry Holt, sophomore ace, will be back to carry on.

Special Interest Shown In Library During Year

Special interest has been shown in the library this year. The books have been classified and the library has been improved in many ways.

The senior class donated curtains, two dozen steel book supports, a newspaper rack, vases, hanging baskets, a bulletin board, book cards and pockets, due slips, miscellaneous necessities for repairs, two daily papers which are eagerly read, subscriptions to Collier's, Saturday Evening Post, American, and Woman's Home Companion. Besides this the seniors spent twenty dollars on books, the juniors, fourteen dollars, and some of sophomores and freshmen bought a few.

Other contributions which have been donated are greatly appreciated. Among these are the following magazines given monthly by Mr. Linton: Literary Digest, Reader's Digest, Cosmopolitan, Hygeia, Better Homes and others. Mrs. Horace Maxwell gave a complete

set of the National Geographic for the past three years and some other worthwhile magazines.

The Chicago Mill donated lumber for shelves so that the books may be arranged in a manner that makes them more accessible. These cases will be built according to regulation by Walter Scott, Clyde Wade, Joe Magee, and Bob Bethea. The glass door bookcases that are used now will be given to the grammar school.

Because a larger room is needed, the library will be moved downstairs next year.

The library is still below standard requirements but plans are being made to bring it above par.

This society met once a week during the regular English period in the senior English room. The programs presented by its members consisted of the study of lives of famous literary men, whose birthdays occurred that month, one-act plays, dialogues, and debates.

Officers were elected to serve a period of six weeks. The following served as officers:

John Edward Hughston, Maggie Ellen Hall, Max Watson, Edgar Lancaster, Roy Boswell, Joe Magee, Edward Smith, Helen Margaret Yerger, Laura Sevier, Dicks Purdy, Joy Webb, Jimmy Wade, Frances Bettis, Helenmai Julian, Herman Holloway, Louise Freeman, Herman Smith, Katye Vance, Helen Massey.

This society has accomplished two main purposes. It has given the students experience in the art of communication in speech and drill in parliamentary procedure.

The senior class of 1935 hopes that the other classes will carry on this worthy society and build it into a permanent organization.

Latin Banquet

cards of dark blue folders, adorned with tiny white lambs on which

the guests' names were inscribed in Latin and on the inner fold the menu in the same language.

On entering the hall to the strains of music, the guests found their place; the "drinkmaster," John Edward Hughston, offered the invocation, and the assembly joined in singing "Laurel Crowned Horace."

Four courses were served by the slaves, Eunice Renfro, Marguerite Boswell, Ila Fay Kirby, Lavinne Waters, Moreland LeBlanc, and David Currie, who passed honey wine and finger bowls between each course and provided interesting and varied entertainments, a gladiatorial fight, music, telling of fortunes, and a speech describing the Roman festivals of February.

The "drinkmaster" presided throughout the evening and announced the program, all numbers being given in Latin and consisting of a vocal duet by Helen Massey and Laura Sevier, a selection from Cicero's oration by Dan McDonald and three plays written by members of the Cicero class and acted by members of the club. These plays were "The Conspiracy," by Helenmai Julian; "Return of Caesar's Lieutenants," by Dan McDonald, and "Three Suitors,"

by Tom Bubor, the latter ending in a wedding scene with Susie B. Speed as the bride, arrayed in the ancient costume of the marriage.

As the concluding number the slaves, who had become eligible for membership in the club by receiving a monthly grade of 90 in Latin, were initiated by Anna Elizabeth Long and received their togas.

Assisting in the kitchen were: Mrs. Paul Barber, Mrs. Frank Graves, Mrs. E. S. Freeman and Mrs. Albert Bunch, mothers of members of the club.

**Home Ec' Tea
Gives Opportunity to
Exhibit Work Done**

The annual tea of the Home Economics department was given on May 1, from two to six o'clock. The purpose of this tea was to exhibit the work done during the year. All parents and friends who were interested in the department came. The guest of honor was Lela Tomlinson, state supervisor of home economics. Visitors were shown the exhibit and then brought into the dining room for tea.

The tea table looked very lovely, with a bowl of larkspur in the center and with a punch bowl at one end and coffee served at the other. Orange and blue were the the predominating colors carried out in the mints, sandwiches and cakes.

Among the girls serving throughout the afternoon were Ola Chauncy, Dell and Helen Brown, Mardella Lewin, Maggie Ellen Hall, Lena Mae Cheevers, Eunice Renfrow, Margueritte McDonald, Dicks Purdy, Susie B. Speed, Louise Freeman, Mary Kathern Bowen, Barbara Harrington, Marian Boswell and Emma Jean Ervin.

Freshman

The freshman class has been a peppy bunch. They have tried hard to overcome their greenness.

By next year they will be used to the ways of high school and ready to show what they can do. They elected Mr. Moncrief as sponsor and the following as officers: William Watts, president; Robey Clark, vice-president; Ann Palmer, secretary.

Sophomore

The sophomores, under the leadership of Miss Louise Thompson, let everyone know they are present. They have done good work and next year will show what it takes to be a junior. Their officers are: Sally Abernathy, president; Harry Holt, secretary and treasurer.

Junior

Two junior girls put this class on the map by winning first places at the North Louisiana high school rally. These girls were Peggy Claughton, who won in spelling, and Ila Fay Kirby, who won in English.

At present the juniors are "digging away" preparing for the junior-senior banquet. All the committees are working hard and the banquet is an assured success.

They selected Mr. Jimmy Yeats as sponsor, and the following as officers: Margaret Boswell, president; Tom Barber, secretary and treasurer.

Senior

The seniors are proud of their achievements this year. They have worked faithfully and feel that they, the class of '35, will be remembered not only as the largest

Music Department Plays Important Part in School

The glee club directed by Mrs. Myles Hopkins assisted Miss Helenmai Julian in her graduating recital. Helenmai started the study of the piano under Mrs. Hopkins who she was in the seventh grade. That year she won first place at the Tri-Parish rally in junior piano. For the last two years she has been pianist for the glee club.

The music department plays a very important part in the activities of the school. Outside the regular piano pupils there is a boys' quartet with Joe Magee, the first tenor; Woodrow Cagnolatti, second tenor; Malcolm Cagnolatti, baritone, and Joe Milton Clark, bass; a girls' quartet with Mary Pinney Hopkins, first soprano, Laura Sevier, second soprano, Helen Massey, first alto, and Mary Helen Gandy, second alto, and the girls' glee club. These divisions of this department will furnish all the music for the commencement exercises. Plans are being made for the broadcasting over WJDX of the girls' glee club, a piano duet by Mrs. Hopkins and Helenmai Julian, the boys' quartet, and a vocal solo by Barbara Harrington.

class, but as a class that has "really done things." Besides the improvements they have made possible in the library, they are leaving as a memorial a suite of living room furniture to be used for plays and a loose leaf memory book containing their class picture, signatures, and a resume of their senior year. This book is to be presented to the junior president and each year filled in by the new senior class. It will be a record for future use in making a history of the school.

At a meeting during the first week of school they elected: Ralph Holloway, president; Max Watson, vice-president; John Edward

Hughston, secretary and treasurer; and Miss Roselyn Kemp, sponsor. All work and no play did not appeal to the seniors. Several hikes to Moberly Grove and a few parties were enjoyed throughout the year.
