## Members of the Harford County Genealogical Society

Sufficient data was submitted by our membership to publish three volumes of ancestral charts, SP 33 (February 2005), SP 34 (October 2005), and this one. Thanks to all for sharing their data.

Even though data is not cited with any sources, this information may give that little push to make your "brick wall" fall.

- SP 33 consisted of all the lineages submitted in Ahnentafel book format – a simple Xerox job.
- For the sake of consistency, the content of SPs 34 and 35 were converted from pedigree charts that were submitted; significant effort was expended to insure accuracy in the transcription, but no doubt some errors will be present.
- IF you submitted your data as a computer printout, it is likely that some data was truncated/abbreviated by YOUR program, making it difficult for us to determine the actual content. i.e., a city-county-state (e.g. Bel Air, Harford, MD) may get abbreviated as city-first letter of county-state (Bel Air, H., MD) . In those cases, we just dropped the truncated information (Bel Air, MD).
