\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

Data Courtesy of the City of Kalamazoo

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

Data Courtesy of the City of Kalamazoo

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

Data Courtesy of the City of Kalamazoo

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

Data Courtesy of the City of Kalamazoo

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.

\* Column indicates Letters after a grave number means there is someone else buried on that grave. Babies, under a certain size and cremated remains are allowed to be buried on a grave with someone else.

\*\* These dates are mostly Date of Internment rather than Date of Death.
