CLOTHING FACTORY

WHY THIS BOOK IS FREE.

This classified business directory is distributed free of charge to every family, in LaCade county. Progressive business men recognize their fundamental value and patronize them. This directory is welcomed into every home, office, business, throughout the year. This directory offers a saving of 90 per cent of your time in securing immediate information. This information must be given your prospective customer free of charge. The progressive seller recognizes this fact and makes this classified business directory possible.

In an age of time saving methods, this directory gives the customer immediate response for his need and information not otherwise available.

If this directory proves an asset to you, tell the advertisers, as it is only through them that you are able to receive this classified business directory.
