**FOUND DYING IN HER ROOM.
Miss Alma Thorp, a Beautiful
Young Lady of This City.
Discovered By Her Mother,
Dying From a Bullet Wound
In Her Forehead—Circumstances
Point to a Distressing Accident—The
Fatal Wound Made By a Target Gun.**

Just as the new year opened, amidst its new hopes and bright sunshine, a young and sweet life closed, the latter in a manner that

shocked the community and cast a gloom over one of Nevada's happiest homes.

When the awful news was received on the streets that Miss Alma Thorp was lying at death's door, it seemed impossible to believe the sad tidings, but a few minutes later the physicians who had been summoned confirmed the report.

Just how Miss Thorp met her death will never be known, but the circumstances surrounding the awful affair point decidedly to death by accident. There was no motive for suicide that could be known, for she was surrounded by every comfort and pleasure that loving parents and devoted friends could give.

For the past few days she and other young people in the neighborhood had been practicing shooting with a 22 calibre (sic) target rifle. A target had been placed at a convenient place in the yard and each morning Miss Thorp would practice shooting at it. This morning sometime between 9 and 10 o'clock she borrowed the target rifle from Marshal Smith, a boy who lives a few doors east of the Thorp residence and when she returned home Miss Thorp stated to her mother that she was going up stairs and clean her room and would return in a few minutes and try on her new dress. That was the last time Miss Thorp was seen alive.

After waiting some few minutes for her daughter Mrs. Thorp went up stairs, taking her daughter's dress expecting to have her try it on in her own room. Then it was that the mother first learned that her daughter had fallen a victim to the deadly bullet. How the mother was shocked and the grief and despair that came into her heart no words can portray. Hearing the mother's scream neighbors rushed into the house and after sending for the father of the unfortunate young lady, devoted their efforts in trying to relieve the mother.

Mr. Thorp, the father, was notified and he went as fast as possible to his home where he learned the terrible truth that his daughter was lying at death's door.

Drs. Buchanan, Willson, Dulin and Yater were hastily summoned and arrived a few minutes before Miss Thorp died, but surgical skill was of no avail and death occurred 20 minutes after the mother found her daughter.

There are many theories as to how the accident occurred, but no one knows just how it happened. One theory which seems to be borne out by circumstances is, that while cleaning the room Miss Thorp picked up the rifle to place it in another part of the room when it was accidentally discharged.

When found, Miss Thorp was lying on the floor. The bullet entered the forehead midway between her eyes.

Miss Thorp was a daughter of Mr. and Mrs. W. T. Thorp. She would have been 18 years of age next month. She was one of the most charming and accomplished young ladies of this city, bright and cheerful and by her sweet disposition and lovely character she was the friendship and love of all who came in contact with her. The death of such a lovely young lady is a source of sorrow to every person in Nevada and the manner in which she met her death has been a severe shock.

The grief of her dear parents is a source of sorrow to us all, and our hearts go out to them in this sad and dark hour.

Funeral from residence, corner of Hunter and Tucker street, at 3 p.m. Thursday. Burial at Deepwood cemetery. Services conducted by Rev. Edwards.

HIS FEET BADLY FROZEN.

John Vandenberg Operated Upon at the Fraternity Hospital.

Jesse V. Vandenberg, the 15 year old son of John Vandenberg, who has recently located in Vernon county, was operated upon at Fraternity Hospital Monday morning. While enroute from the Territory the boy's feet were badly frozen while riding in the car with the stock. Gangrene resulted, necessitating the amputation of all except the little toe of the left foot. The right foot, while badly frosted, did not require surgical interference.

At this writing the boy is reported by Dr. Dresbach as doing nicely.

FOUL MURDER.

The Osceola INDEPENDENT, of the 29th ult., gives the particulars of a foul murder in St. Clair county. That paper says:

It seems two men, residing some six miles west of Osceola – Richard Elliott and John S. Hoover – had a personal altercation on the morning of Saturday, the 22d inst., at the house of Alex. Hoover, the father of John S. Hoover, in which some blows passed between the parties. They were separated, however, Elliott leaving the premises with the remark he would see Hoover again. John S. Hoover, with his father, retired to the house, and in less time than an hour, heard a call at the yard fence, “Oh, Jack, come out.” Old man Hoover went in advance to the door, and seeing Elliott with his gun raised, remonstrated with him and desired him to leave, endeavoring to shame him from his purpose. He still held his position. John S. Hoover, then made his appearance, and seeing the threatening position of Elliott, who now cocked his gun, jumped behind a small building some few feet from the dwelling house. Here he stood while old man Hoover still remonstrated with Elliott to no purpose. Young Hoover then endeavored to reach the dwelling house from his position, when Elliott fired upon him, the ball taking effect about the back of the neck, and severing as is supposed, the large artery. He fell, but recovered and got into the house, where he died in a few minutes.

One hundred dollars are offered for the apprehension of the murderer.
