Page 2:1 - ~~SERIOUS AFFRAY RESULTING IN DEATH~~ - From all the information we have received, it appears that on Monday night 13th inst., about 11 o'clock three young men, named Robert KING, William SHANNON & N.B. CHADSEY, Residents of Cohoes were coming from that place to this Village in a cutter and that, arriving at the Plank Road Toll Gate, they drove on the wrong side, when Mr. Lorenzo ABBOTT, the Keeper, requested them to drive through the Gate that was open, in endeavoring to do which, the shafts of the cutter were broken. When Mr. ABBOTT opened his office to procure a light, one or more of the men pulled him out, knocked him down, and otherwise maltreated him; from which he has not yet recovered. Mr. A., finally, in self-defense, had recourse to his pistol, and shot CHADSEY, who died at Cohoes on Friday evening from the effects of the wound. We understand that this melancholy occurrence is to undergo legal investigation. KING and SHANNON meantime being held to bail for their appearance.

Page 2:1 - We are informed that Lorenzo ABBOTT, the Gatekeeper who shot CHADSEY of this place, sometime since, had his examination last Wednesday before Coroner LANDON, who committed him for murder but he was allowed bail the same day by Judge WATSON in a small amount (Cohoes Cataract). We very much doubt whether a jury could be found, in the above case, if it ever comes to trial, who would render any other verdict than justifiable homicide.
