Page 2:2 - The body found floating in the River near Greenbush, on the 2d inst., proves to be that of James MEEHAN, a boy about 10 years of age, who resided in this Village and who fell from a lumber pile into the River, near the Arsenal, some two weeks since.

Page 2:2 - SUDDEN DEATH - Mary BURNSIDE, a woman 31 years of age, residing at a place known as the MEAGHER House a short distance west of ROY's Factory, in the First Ward of this Village, died very suddenly late on Friday night last. It appears she had just been waiting upon a customer at the bar, and was going into the part of the house occupied as a residence, but when near the doorway, she fell upon the floor and expired almost instantly. An inquest was held upon her body next day and a verdict rendered of "Death caused by rupture of blood vessel in the brain".

Page 2:3 - DEATH FROM POISON - Miss Anne SMITH, about 20 years of age, employed for the last six years as a domestic in the family of Mr. John L. THOMPSON on First St. died Sat. night under the following circumstances. A few evenings since while suffering under a severe attack of tooth ache, she arose, and preceding to the mantle-piece, took from it a bottle which she supposed contained Davis' Pain Killer, filling the cavity in her tooth with it, and drinking some, for the purpose of calming her nerves. In a short time symptoms of poison began to manifest themselves and on examination, it was found the liquid of which she had partaken was corrosive sublimate. Every possible effort was made to save her life, but she continued to grow worse until Saturday night, when she died. The fatal symptoms of her case are said to have been increased by the fact that she drank a quantity of cold water, immediately after taking the poison. Miss SMITH was a young lady of fine social qualities and much esteemed by her acquaintances (Troy Times).
