Page 2:3- Our City was disgraced last night by the perpetration of an atrocious and wilfull murder. The circumstances, as they appeared before the Coroner's Jury were as follows: "A woman of the town named Bridget CAREY was engaged between twelve and one o'clock P.M. in conversation with several persons of the opposite sex of like character at the corner of Schuyler & South Pearl Streets in the south part of the City. Some altercation arising between her and one of the company, the latter person drew a knife and inflicted a stab upon her, from the effects of which she died in about thirty minutes. On a post-mortem examination conducted this morning by Dr. MARCH, it appears that only one stab was inflicted which had entered the cavity of the heart. The Coroner's Jury returned a verdict that, "The said Bridget CAREY came to her death by the infliction of a wound with a dirk or dirk knife by some person unknown to them, and that the person so inflicting said wound is guilty of murder" - We understand two persons have been arrested but we have not heard wether the act has been brought home to either.
