

JULY 22, 1846 CONTINUED FROM PAGE 82

Mr. SPENCER was formerly a school teacher at Sand Lake, Rensselaer County (and also in West Troy) and afterwards a clerk in the Watervliet Arsenal. His father is a clergyman. SPENCER has been committed for trial at the August term of the Hudson County Court, Albany City.

2:5 - EXECUTION - John BURNETT was executed on Tuesday (14th) at Schenectady for the murder executed last week on one SORNBERGER of Schoharie County. He died a dreadful death, life not becoming extinct until 30 minutes after the bolt head was drawn from the top.

JULY 29, 1846

Page 2:4 - SPENCER who murdered a woman who passed for his wife at Jersey City the other day is said by the Cleveland Herald to be (as well as his unfortunate victim, well known in Ohio). He is according to that authority a young man who made his debut there in 1844 as a political stumper, a seceder from the Democratic Party and also held forth on animal magnetism. In his peripatetics he came across the woman now deceased and whom he has since called wife but to whom the probability is he never was married. If he was her lawful husband, she has at least two now living, beside him. She was a beautiful and artful woman and has led a life of pleasure and crime. SPENCER is no better and deserves a murderers fate.

Page 2:5 - DIED - At West Troy July the 19th, David, son of Aaron and Lillis Ann PALMER, age 13 years & 8 days. (Long religious tract)- Also POEM

AUGUST 5, 1846
