

## IN MEMORIAM

PAUL CAMPBELL.

Paul Campbell fell a victim to influenza Nov. 15, 1918, in his 18th year. Paul was a most faithful and able young man, giving promise of a bright future. It was due to his efforts very largely that the Y. P. C. U. organization was maintained after its new start in 1915. He would take one of his father's horses, borrow one from Mr. Duncan, hitch them to a three-seated spring wagon and in this manner would always arrive at the church with a full load. This omnibus kept up the attendance until the autos were generally introduced in 1917. Paul is greatly missed but his influence and spirit yet lives.
