**Note B.—Upon this Schedule should be CAREFULLY RETURNED:**

1st. Every death which has occurred in this enumeration district during the Census year, whether the deceased was or was not, at death, a member of any family which resided June 1, 1890, in the district.

2d. Every death which has occurred outside of this enumeration district during the Census year, the deceased being at date of death a member of a family which resided June 1, 1890, in the enumeration district.

The enumerator should make these entries upon this Schedule with great care, seeking every source of information. When a positive statement is impossible, as when an age can only be estimated, or a birth-place must be conjectured, the entry may be inclosed in parentheses, thus: Age (25), meaning that the best estimate of the age that can be given is 25 years.

Of the deaths reported above, the following occurred in this enumeration district, but the families to which the deceased belonged, resided June 1, 1890, out of the enumeration district, as follows:

Number of the list upon which the case is reported above.	Place where the family of the deceased resided June 1, 1890.			Number of the list upon which the case is reported above.	Place where the family of the deceased resided June 1, 1890.	
	Town.	County.	State.		Town.	County.

**Note E—Upon this Schedule should be CAREFULLY RETURNED:**

1st. Every death which has occurred in this enumeration district during the Census year, whether the deceased was or was not, at death, a member of any family which resided June 1, 1890, in the district.

2d. Every death which has occurred outside of this enumeration district during the Census year, the deceased being at date of death a member of a family which resided June 1, 1890, in the enumeration district.

The enumerator should make these entries upon this Schedule with great care, seeking every source of information. When a positive statement is impossible, as when an age can only be estimated, or a birth-place must be conjectured, the entry may be inclosed in parentheses, thus: Age (25), meaning that the best estimate of the age that can be given is 25 years.

Of the deaths reported above, the following occurred in this enumeration district, but the families to which the deceased belonged, resided June 1, 1890, out of the enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the family of the deceased resided June 1, 1890.		
	Town.	County.	State.

Of the deaths reported above, the following occurred out of this enumeration district, though the families to which the deceased belonged, resided June 1, 1890, in this enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the death occurred.		
	Town.	County.	State.

 Enumeration Dist. No. 72

Note A.—The Census Year begins June 1, 1879, and ends May 31, 1880.  
 Note B.—In making entries in columns 9, 7, and 8, use abbreviations for the names of States and Territories, and for the names of Divisions, persons, columns 9, where the latter are not given.  
 Note C.—For instructions relative to the entries in column 14, see Section 1000, Act of March 3, 1879.  
 Note D.—In column 17, note distinctly if no Physician was in attendance, Yes (Y) or No (N).

SCHEDULE 5.—Persons who DIED during the Year ending May 31, 1880, enumerated by me in Collector William  
Tarrant, State of Texas, William

**Note B—Upon this Schedule should be CAREFULLY RETURNED:**

1st. Every death which has occurred in this enumeration district during the Census year, whether the deceased was or was not, at death, a member of any family which resided June 1, 1880, in the district.

2d. Every death which has occurred outside of this enumeration district during the Census year, the deceased being at date of death a member of a family which resided June 1, 1880, in the enumeration district.

The enumerator should make these entries upon this Schedule with great care, seeking every source of information. When a positive statement is impossible, as when an age can only be estimated, or a birth place must be conjectured, this entry may be inclosed in parentheses, thus: Age (25), meaning that the best estimate of the age that can be given is 25 years.

Of the deaths reported above, the following occurred in this enumeration district, but the families to which the deceased belonged, resided June 1, 1880, out of the enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the family of the deceased resided June 1, 1880.		
	Town.	County.	State.

Of the deaths reported above, the following occurred in this enumeration district, though the families to which the deceased belonged, resided June 1, 1880, out of the enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the death occurred.	
	Town.	County.
5	Wichita	Wichita
14	Wichita	Wichita
16	Wichita	Wichita

**REMARKS.**

Blank space for handwritten remarks.

**Note B.—Upon this Schedule should be CAREFULLY RETURNED:**

1st. Every death which has occurred in this enumeration district during the Census year, whether the deceased was or was not, at death, a member of any family which resided June 1, 1880, in the district.

2d. Every death which has occurred outside of this enumeration district during the Census year, the deceased being at date of death a member of a family which resided June 1, 1880, in the enumeration district.

The enumerator should make these entries upon this Schedule with great care, seeking every source of information. When a positive statement is impossible, as when an age can only be estimated, or a birth-place must be conjectured, the entry may be enclosed in parentheses, thus: Age (25), meaning that the best estimate of the age that can be given is 25 years.

Of the deaths reported above, the following occurred in this enumeration district, but the families to which the deceased belonged, resided June 1, 1880, out of the enumeration district, as follows:

Number of the deaths which are reported above.	Place where the family of the deceased resided June 1, 1880.			Number of the deaths which are reported above.	Place where the family of the deceased resided June 1, 1880.		
	Town.	County.	State.		Town.	County.	State.
11				11	Hempden	Wagoner	Wagoner
22				22	Hempden	Wagoner	Wagoner

Of the deaths reported above, the following occurred in this enumeration district, but the families to which the deceased belonged, resided June 1, 1880, out of the enumeration district, as follows:

Number of the deaths which are reported above.	Place where the family of the deceased resided June 1, 1880.			Number of the deaths which are reported above.	Place where the family of the deceased resided June 1, 1880.		
	Town.	County.	State.		Town.	County.	State.
11				11	Hempden	Wagoner	Wagoner
22				22	Hempden	Wagoner	Wagoner

**REMARKS**

ulcer, specify the organ or part affected, as *thick abscess, abscess of liver; femoral aneurism; carbuncle on lip; cancer of breast, cancer of uterus, cancer of face; dropsy of chest, dropsy of abdomen; inflammation of brain, inflammation of liver; tumor of neck, tumor of abdomen; ulcer of face, ulcer of groin, &c.* Typhus, typhoid, and typho-malarial fevers should be carefully distinguished. Especial inquiry should be made for cases of "still-births," including infants born dead from whatever cause. As few deaths as possible should be reported under such general terms as *disease of the throat, disease of the brain, disease of the liver, disease of the lungs, disease of the bowels, disease of the spine, &c.* These should, as far as possible, be reported under special heads.

Make sure that the distinction between *apoplexy, epilepsy, and paralysis* is understood. Distinguish between acute and chronic bronchitis, acute and chronic dysentery or diarrhoea, acute and chronic rheumatism. Report cerebro-spinal

attending at death, and courteously invite him to inspect the entries, and to state the cause of death in his cases, and to verify or restate them as the facts may demand. For this purpose spaces are provided below, numbered to correspond with the lines of the Schedule upon the other side.

If the physician finds the entry in the Schedule correct and fully in accordance with the foregoing instructions he is requested to make the entry in the numbered space below: *Correctly stated.* If he does not deem it correct, it is desired that he restate the cause of death in the numbered space in accordance with his own views, signing each entry.

The enumerator should also inquire of each physician within his enumeration district whether he has a record or register of deaths occurring during the Census year, kept at the request of the Superintendent of Census, and if so, will either take charge of and forward the same to the Census Office under his official seal.

Form for the statement by attending physicians of the causes of death in the cases reported on the reverse side of this sheet.

**Note 1**—Upon this Schedule should be CAREFULLY RETURNED:

1st. Every death which has occurred in this enumeration district during the Census year, whether the deceased was or was not, at death, a member of any family which resided June 1, 1900, in the district.

2d. Every death which has occurred outside of this enumeration district during the Census year, the deceased being at date of death a member of a family which resided June 1, 1900, in the enumeration district.

The enumerator should make these entries upon this Schedule with great care, seeking every source of information. When a positive statement is impossible, as when an age can only be estimated, or a birth-place must be conjectured, the entry may be inclosed in parentheses, thus: Age (25), meaning that the best estimate of the age that can be given is 25 years.

Of the deaths reported above, the following occurred in this enumeration district but the families to which the deceased belonged, resided June 1, 1900, out of the enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the family of the deceased resided, June 1, 1900.			Number of years since the death occurred.	Sex.	Age at death.	Cause of death.
	Town.	County.	State.

				10	F	65	Stroke
				8	M	55	Stroke

Of the deaths reported above, the following occurred in this enumeration district but the families to which the deceased belonged, resided June 1, 1900, out of the enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the family of the deceased resided, June 1, 1900.			Number of years since the death occurred.	Sex.	Age at death.	Cause of death.
	Town.	County.	State.				

**REMARKS**

Page No. 2  
 Supervisor's Dist. No. 3  
 Enumeration Dist. No. 95

Note A.—The Census was taken June 1, 1880, and persons who died during the year ending May 31, 1880, are to be enumerated in column 1, under "Deaths during the year." Note B.—In making entries in columns 9, 10, 11, and 12, the names of the persons should be given in full, and the names of the parents should be given in full, and the names of the grandparents should be given in full. Note C.—For instructions relative to the entries in columns 13, 14, 15, 16, and 17, see the instructions on page 2 of the instructions. Note D.—In column 17, note distinctly if no Physician was in attendance at the death.

SCHEDULE 5.—Persons who DIED during the Year ending May 31, 1880, enumerated by me in Quintessence, Precinct, Carroll, State of Texas.

**Note B—Upon this Schedule should be CAREFULLY RETURNED:**

1st. Every death which has occurred in this enumeration district during the Census year, whether the deceased was or was not, at death, a member of any family which resided June 1, 1890, in the district.

2d. Every death which has occurred outside of this enumeration district during the Census year, the deceased being at date of death a member of a family which resided June 1, 1890, in the enumeration district.

The enumerator should make these entries upon this Schedule with great care, seeking every source of information. When a positive statement is impossible, as when an age can only be estimated, or a birth-place must be conjectured, the entry may be inclosed in parentheses, thus: Age (25), meaning that the best estimate of the age that can be given is 25 years.

Of the deaths reported above, the following occurred in this enumeration district, but the families to which the deceased belonged, resided June 1, 1890, out of the enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the family of the deceased resided June 1, 1890.		
	Town.	County.	State.

Of the deaths reported above, the following occurred out of the enumeration district, though the families to which the deceased belonged, resided June 1, 1890, in this enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the death occurred.	
	Town.	County.
12	Dwight	Tenn

**REMARKS.**

I am requested by E. T. Hall to report on the age of deceased person as shown on the from his having to appoint of the the family to which he resided before.

Register Dist. No. 3  
 Enumeration Dist. No. 99

Note C—See instructions on page 10 of the schedule.  
 Note D—In column 17, give date of the year in which the person died.

ance with the foregoing instructions he is requested to make the entry in the proper numbered space below: *Correctly stated.* If he does not deem it correct, it is desired that he restate the cause of death in the numbered space in accordance with his own views, signing each entry.

The enumerator should also inquire of each physician within his enumeration district whether he has a record or register of deaths occurring during the Census year, kept at the request of the Superintendent of Census, and if so, will offer to take charge of and forward the same to the Census Office under his official frank.

Write in the numbered space below the full names of the causes of death in the cases reported on the reverse side of this sheet.

CAUSE OF DEATH		SIGNATURE OF THE ATTENDING PHYSICIAN	Number of the line on Schedule 5 upon which this case is reported.	CAUSE OF DEATH		SIGNATURE OF THE ATTENDING PHYSICIAN

**Note B.—Upon this Schedule should be CAREFULLY RETURNED:**

1st. Every death which has occurred in this enumeration district during the Census year, whether the deceased was or was not, at death, a member of any family which resided June 1, 1880, in the district.

2d. Every death which has occurred outside of this enumeration district during the Census year, the deceased being at date of death a member of a family which resided June 1, 1880, in the enumeration district.

The enumerator should make these entries upon this Schedule with great care, seeking every source of information. When a positive statement is impossible, as when an age can only be estimated, or a birth-place must be conjectured, the entry may be inclosed in parentheses, thus: Age (25), meaning that the best estimate of the age that can be given is 25 years.

Of the deaths reported above, the following occurred in this enumeration district, but the families to which the deceased belonged, resided June 1, 1880, out of the enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the family of the deceased resided June 1, 1880.		
	Town.	County.	State.

Of the deaths reported above, the following occurred out of this enumeration district, though the families to which the deceased belonged, resided June 1, 1880, in this enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the family resided June 1, 1880.		
	Town.	County.	State.
1	Lawrence	Lawrence	Kan.
2	Abilene	Lawrence	Kan.
3	Abilene	Lawrence	Kan.
4	Abilene	Lawrence	Kan.
9	Abilene	Lawrence	Kan.
12	Abilene	Lawrence	Kan.
15	Abilene	Lawrence	Kan.

**REMARKS**

1. *Blanch Sweet at time death had a home in this district (line 25) and her family were on a visit north. The death may have been reported in the district.*

Note E—Upon this Schedule should be CAREFULLY RETURNED.

1st. Every death which has occurred in the enumeration district during the Census year, whether the deceased was or was not, at death, a member of any family which resided June 1, 1880, in the district.

2d. Every death which has occurred outside of this enumeration district during the Census year, the deceased being at date of death a member of a family which resided June 1, 1880, in the enumeration district.

The enumerator should make these entries upon this Schedule with great care, seeking every source of information. When a positive statement is impossible, as when an age can only be estimated, or a birth-place must be conjectured, the entry may be inclosed in parentheses, thus: Age 25, meaning that the best estimate of the age that can be given is 25 years.

Of the deaths reported above, the following occurred in this enumeration district, in the families in which the deceased belonged, resided June 1, 1880, out of the enumeration district, as follows:

Number of the Enumeration District in which the case occurred.	Place where the family of the deceased resided June 1, 1880.		
	Town.	County.	State.

Of the deaths reported above, the following occurred out of this enumeration district, though the families to which the deceased belonged, resided June 1, 1880, in this enumeration district, as follows:

Number of the line upon which the case is reported above.	Place where the death occurred.		
	Town.	County.	State.
