# PENSION ROSTER

## EXPLANATION

---

When the following statement shows the pensioner paid a pension for 1919, also funeral expenses, it is due to the fact that the pensioner died after being paid the first or second installment of pension.

In the event of a pension having been paid after death of pensioner, it was due to failure to report the death promptly to the Auditor of Public Accounts. In such cases the pension warrant was recalled and paid back into the State Treasury.

When the following statement shows that the pensioner received two years' pension within the Fiscal Year, ending Sept. 30, 1919, it is due to failure of pensioner to file certificates required by law in time for payment within the next preceding Fiscal Year, which certificate was filed and paid within the Fiscal Year, ending Sept. 30, 1919.

Old amounts indicate that the pensioner has been re-rated and such amount paid in addition to his former pension.

All pensioners are paid in advance and rated as follows:

For total blindness, \$180.00.

For loss of limb or limbs while in the discharge of duty as Confederate soldier, \$85.00.

For total disability from disease or infirmities of age, \$75.00.

For partial disability, \$55.00.

To widows of Confederate soldiers whose husbands have died since the war, \$50.00.

To widows of Confederate soldiers whose husbands were killed or died from disease during the war, \$50.00.

To matrons who served in Confederate hospitals, etc., \$50.00.

# PENSION ROSTER

## EXPLANATION

When this report shows a pensioner paid a pension for 1921, also funeral expenses, it is due to the death of the pensioner after being paid the first or second installment of pension.

In the event of a pension having been paid after death of pensioner, it was due to failure to report the death promptly to the Auditor of Public Accounts. In such cases the pension warrant was recalled and paid back into the State Treasury.

When the following statement shows that the pensioner received two years' pension within the fiscal year, ending September 30, 1921, it is due to failure of pensioner to file certificates required by law in time for payment within the next preceding fiscal year, which certificate was filed and paid within the fiscal year ending September 30, 1921.

Odd amounts indicate that the pensioner has been rerated and such amount paid in addition to his former pension.

All pensioners are paid in advance and rated as follows:

For total blindness, \$200.00.

For loss of limb or limbs while in the discharge of duty as Confederate soldier, \$100.00.

For total disability from disease or infirmities of age, \$100.00.

For partial disability, \$75.00.

To widows of Confederate soldiers whose husbands have died since the war, \$60.00.

To widows of Confederate soldiers whose husbands were killed or died from disease during the war, \$60.00.

To matrons who served in Confederate hospitals, etc., \$60.00.
