

Arkansas Cemeteries

ARLINGTON MEMORIAL PARK CEMETERY

Part 3 – S - Z

Located in the City of El Dorado, Union County, Arkansas~ with the main entrance on the South side of Champagnolle Road, and the western side running along North Mosby Street. You must pass thru Woodlawn Cemetery using their main entrance, off of Champagnolle Road, to reach Arlington Cemetery. Arlington & Woodlawn are not clearly defined, nor separated. For this reason, there are frequent issues / double listings, over which cemetery the deceased is buried in. This **partial** compilation of Arlington Cemetery burials, is the work of **Mr. Virgil Sims**, a native of El Dorado. Mr. Sims' family resided nearby & he began jotting down tombstone info many years ago, & later adding to his list from local obituaries. He was gracious enough to allow me to post his data online, so others could have the opportunity to use it. There are African Americans & whites buried in this cemetery. *Note: as of November 2008, all gates are closed except the one entering into Arlington, located on North Mosby Street. No doubt, this is being done to protect the cemetery from vandalism. November 2008 I visited the cemetery & managed to add a couple hundred more to this list. **Please read my note at the end of this survey**, if you have a particular interest in this cemetery. Janice Holzer

***Note:** In doing updates, I have used *Obits, Social Security Death Records, Arkansas Death Index 1914-1950, Union County Genealogical Society 2002 cemetery book, & my own personal file.* Use of this abbreviation ***WC**, indicates the person may be buried in Woodlawn Cemetery.

Nov 2008. Janice Holzer jholzer321@cablelynx.com *See note at end of this section **concerning October 2010 final update.**

I have used a couple of abbreviations that some of you may not understand:

If you see **d: ca**, this indicates that the death date given was a guess made by some earlier compilers of cemetery info. From the 2002 compilation of Arlington Cemetery burials, done by the Union County, Genealogical society:

"The Union County Genealogical Society obtained some burial information from Arlington Cemetery burial records, several local funeral homes, & data provided by some private contributors. The burial info from cemetery records are from November 1962 through August 2002. For some graves, the only available date info was the burial dates, not always clearly defined as such. There were seven known exhumations which was noted in the Index."

Included in the publication with each burial is the Block & Lot number (if known) of each grave for easy location. If unknown, you will find I have noted it as "***Grave site unknown***". Also noted in the society's publication is the name of the funeral home who handled the interment and if you wish this info, contact the Union County Genealogical Society or Barton Library & request they look up that info in the book for you.

Because of restrictions on my time in trying to put together a good research survey, I did not feel I had the time to always list Funeral Home (if known) nor the Block and Lot identification. Occasionally, you will find some listed.

**I get frequent letters from individuals wanting to know why some relative of theirs, that is buried in Arlington is not listed, etc.. First, I live over a hundred miles away from this cemetery located in Union County, so even though I love doing surveys & updates, I must travel to El Dorado and stay over in order to do these surveys.*

Arlington Memorial Park Cemetery is located in El Dorado & adjoins Woodlawn Cemetery. They are both very large cemeteries. The boundaries are non-existent & you can easily be in a section of Woodlawn without knowing it. I have no one to help with these surveys & to do either one of these cemeteries is a daunting task. This current update includes a couple of hundred burials that I jotted down while in El Dorado in November 2008. I will continue to gather a few any time I get to El Dorado, but due to aging & my stamina is not what it used to be, don't expect a full,

100% complete survey. This is a labor of love for me and I have no plans for my surveys except to post them so that other souls can utilize the information as a tool and fill in some blanks in their family genealogy. In the past, I have offered to fill in missing people, if contacted by a family member providing the information. I am no longer able to do this.

Insertion of ***ARDI** next to someone on this list, means I have obtained the month and day of death from the **“Arkansas Death Index 1914-1950”**. Some dates have been filled in using **Social Security Death Index** & are noted as ***SSDI**. If you find mistakes, let me know & I will gladly correct them. Unless it is a typo all the info here came from (1) an Obituary (2) a tombstone (3) Union County Arlington Cemetery 2002 publication (4) & a few from personal records.

Other abbreviations:

* **FH**Funeral Home or Mortuary

* **OB**Information from obituary

* **d:ca**approximate death date / came from funeral home, so it could be burial date

* **WC**..... may also be listed as buried in Woodlawn Cemetery, adjoins Arlington

* **Grave site unknown:** means the info obtained from the local funeral homes/ mortuaries did not have the Block and Lot numbers for the grave OR grave has no marker & could not be found

* **Unknown** given in place of person's given name, means all that was on marker or funeral home records was the last name & one partial date. Sometimes I have tried to look these up & fill in (speculation) the possible first name.

Any and all that I filled in using Social Security Death Index are strictly a guess & speculation on part.

2010 Update: Using my collection & Virgil Sims collection of obits; my personal surveys; and information from the “ARLINGTON CEMETERY “ BOOK 10 ~ Union County, Arkansas ~ [September 2002] ~ compiled and published by the Union County Genealogical Society, El Dorado, Arkansas (2002), I was able to add more data to this compilation. Other than corrections or occasional additions, this is about as complete as I can make this survey. I will not be making additional updates or corrections to this cemetery....I have to end it sometime somewhere.

I DO NOT HAVE ANY THING TO DO WITH THE SALE OF PLOTS, NOR DO I KNOW THE PRICE OR WHO TO CONTACT!!! I would suggest contacting the local funeral homes to obtain the name of whom to contact.

***Please remember that Woodlawn Cemetery & Arlington Memorial Park Cemetery are joined together & there is not a distinct division of the two, Sometimes people are listed in both cemeteries. For this reason there is frequent confusion on which cemetery someone is buried in.**
