13. What area of the said homestead can be brought under cultivation?

Ans. 90 acres.

14. What area of the said homestead is hay land and what area swamp?

Ans. 40 acres, hay land ... acres swamp.

15. What area of the said homestead is timber?

Ans. None acres.

16. State any special circumstances such as illness, accident, or lack of means, which should be considered by the Department in dealing with your case. Give any further information which in your opinion should be brought to the attention of the Department.

Ans. The reason why there is not more breaking done on the land is that I had not the means to buy a team to begin with. I have however got one now and will gradually bring the land under cultivation. My time for going into residence on the homestead was extended for six months by the Department.
