FOREWORD

Marriages have been copied from records in the Ordinary's Office in Statesboro, Bulloch County, Georgia. When a license was issued but no marriage shown, the date of issue of the license is shown here. It is assumed the ceremony was held outside of the County, or the person performing the ceremony did not make the returns.

Marriage records in the Ordinary's office are indexed in the name of the groom. There is no index to brides. This index which includes not only brides and grooms, but also persons performing ceremonies, is therefore a valuable addition to Bulloch County records of marriages.
