

DOUGLAS HAIG RIVERS (1912-?), Uncle of David Genn.

DHR - 01	Doug Rivers made this stand in high school.
DHR - 02	Sailor hat, R. C. N. Doug Rivers served as a gunner on the frigate Orkney in the North Sea. I inherited it after the war. By 1946, we were all going to school dressed in military garb. I had his bell-bottom trousers and this hat. I came home from school one day and placed it on the hot plate on top of the icebox. The hot plate had been left on, consequently the burnt edge. No question that it is the original.
