 Second best Salmon season (after 1985). Added approx 400 metres of deeper net to herring net improving catches. Set herring net with 5.1m clinker boat not used since about 1960. Navy survey ship HMAS Moresby (with helicopter) anchored in the bay during the season.

 Fitted International tractor with 1.5 tonne capacity Lansing Bagnall forklift which was used to lift CHEP pallets fitted with wire mesh or weld mesh bins (frames). Fish were thrown directly from net into bins on trailers or beach vehicles, avoiding double handling. Set for herring about halfway between camp and corner.

On 5th March the Director of Fisheries gave approval for each Salmon team to sell up to 7t for rock lobster bait during 1986. For the first season since 1954 sold salmon to other than Hunts. Sold 33.5t to Hunts receivers, 45.8t to West Ocean Canning and 32.2t to Albany Bait Producers (Colley). No canning was done in Albany this season. Hunts closed down at midnight on 20 March. Deliveries to West Ocean and Colley for the following week were severely restricted due to insufficient freezer space. The Bremer bar was closed from May '85 to July '86.

 The best season to date. Also largest single day catch (42.18 tonnes). During the season 4 tagged salmon from South Australia were caught. On Easter Sunday 7.4.85 K.Kennedy and Bentley caught and sold to Hunts about 13 tonnes of salmon caught in Kennedy's herring net on House Beach. About 125 mm of rainfall in mid March caused numerous boggings. The Bremer bar was open to the sea from Sept 1984 until May 1985.

 Purchased a second tractor (International) in time for use during 1982. This greatly reduced the difficulty of handling large schools. The bitumenising of Bremer Road was completed before July 1982. Amenities improved by introduction of colour television and a video cassette recorder. The Bremer bar was open to the sea from Jan 1982 until Sept 1982.

Purchased a third salmon boat, a Stacer 4.2m aluminium rowing boat. A further 9km of Bremer Road was bitumenised during 79/80, leaving 16.5km to do. Hassells House at House Beach was destroyed in a fire. It was rebuilt on a new location further east by relatives of Hassells (Balls) but not until 1983. In August 1979, 13 killer whales (*Orcinus orca*) stranded on Trigelow and in Sept 1989 a further 22 whales (*Physeter catodon*) stranded near Gordon Inlet. The Bremer bar was closed from Nov 1979 until Jan 1982 allowing vehicle access across the bar.
