

Page, Dennis (from CFS Foundation website)

Stories from some of our local heroes

Dennis Page AFSM

SA Government Forester 1970 - 2005

CFS Brigade Captain 1990 - 2005

For many years I witnessed first-hand the selfless dedication of CFS Staff and Volunteers, not only at incidents but also at training sessions, Bushfire Prevention Awareness Community Sessions and the many meetings they attend. This is something that the public is also often openly appreciative of.

I can vividly recall, for example, following Ash Wednesday in the South East, participating in a joint street parade for the Millicent & District CFS Group and my Mt Burr Woods & Forests crew (I was District Forester at the time).
