

Well known Heberle

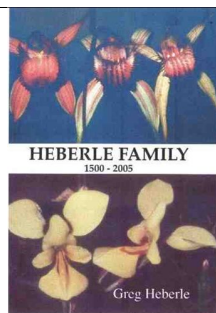

Ronald Leslie Heberle

Messenger boy 1926-30. Fished with his father 1930-32 and worked in Kalgoorlie in 1932. Fisherman on the south coast of WA 1932-60, apart from the war years. Lived in Katanning 1946-58 and then Albany. Full time fisherman until 1968 and then fished salmon seasons (February-April) at Doubtful Island Bay and had other jobs in between seasons, including vegetable cannery field operations, and carrier (tip truck). Has 850+ native orchid photos on the Internet, has published 16+ papers on native orchids 1981-2004 and has 2 orchids named after him, *Caladenia heberleana* and *Diuris heberlei*. Another orchid, *Prasophyllum paulineii*, is named after his wife, Mrs Pauline Graham Heberle. Has attended conferences on native orchids.

Ron Heberle Orchid Photos book (2006)

Heberle Family 1500-2005 book (2005) top right is *Caladenia heberleana*, bottom is *Diuris heberlei*
