Hi Bob,
It's great to hear from you! Oscar Jr. was my Grand Uncle, his sister Hilda being my Grandmother. I believe that both his wives have already passed on, but they are marked as living on my site, as I have not found obits to confirm it yet. I know that Oscar had 1 possibly 2 children but I have had no luck in tracking them down as of yet. If you don't mind, I would love any info you might have on him or his military group! I do have a photo of him taken in Quebec during WW2, there is another man with him but I do not know who. The second man is wearing a navy uniform.
Take Care,
Kim

Hi Bob,
Thanks so much for all the data! I hope to go over it soon. I don't know why Oscar was at the hospital in Quebec. Perhaps they were training nearby and he was injured? His full record might say and I hope to get it one day!
Thanks,
Kim

Hi Kim
Anyways looking back in the file of your uncle, I looked at the photos again and I think I might know who the sailor is,
He is a brother to Olie, look at the eyes, the face, the nose maybe even a twin brother, you take off the sailor's beard and same guy
Hope you are well Kim
Cheers
Bob Briggs
