Dear June -

As I will be seventy-one the ninth of this month, I think I should just call you June - I was delighted to get your letters and as I was familiar with the names mentioned, was very interested. Guess you would like for me to return them with the picture but would like to keep them long enough to have copies made, if I may -

I have tried to type this information as you notice I am not a typist - pardon the mistakes - I do have families records of many of these, I have noticed in the Court House Records here in Camden where James Frazier Compton and W^m H. Synes were transferring land deeds etc in 1832

He must have been W^m L's father, Caroline
is mentioned in Conrad Souerhoeve's will, as
she was a minor ^{as Julia 1843} - he died in 1849 - but
later W^m Tynes adm - for her. These are ^{several died young}
Julia's and James Ch - who lived ^{prominent} Henry R,
Caroline R, Julia a. Leuro and Richard
L (lick) died young in his teens -

I am trying to find James E's parents -
where he was born etc - getting my
DAR papers completed - There were
so many James Comptons can't determine
which one is ours - So I have about
completed papers on my mother's family
Shanks - Mathew Shanks, also S.C -

I think our James E. is from Maryland
or Va -

I am sure I am tiring you, but if
you will, I would love to know who
Laura Tynes and Sara Judd are -
Callie married Emma Compton (her sister's)
husband - If there is anything else you would like
to know, and I have records of, will be glad to get to you.
Who is Margaret Tynes? Ida Tynes?
Sincerely, Leone C. Ellen
