Kind Sir

I write to you in behalf of a very destitute women and hope you will give your kind attention for a few moments.

George Barckley enlisted or rather, was coaxed to enlist, by a man, by the name of Miller who has an office on Washington st. Boston, to join the Main Sharp sho Co A with the promise of bounty and state pay of which his mother has not received one cent. She is in a very bad condition, without proper food and cloathing. The officers at the State House told her if she would write to you that you could aid her in obtaining – at least the State pay – as she is not able to write, she requested me to do so for her, I am not used to writing to Gentlemen and hope you will not think me bold in doing so and will excuse all blunders. Will you be good enough to write and let me know if you con aid her in any way- Please direct Mrs Chaplain care of Miss Hackett 48 Wall st
