Gov Washburn
 Sir

I see by to days paper that unless men enlist this week they are liable to be sent into the old Reg^t's and those working for Com will have to go as privates if they go at all. You will remember that I was one of the first applicants if not the first for a Com and I have worked like a Tiger since I took out papers I have made arrangements so that I can present twenty=five names to you by next Tuesday noon and by Wendsday at any rate and I ask you to keep open a chance for me in the eighteenth Reg^t but if this is to late don't disappoint me in the 19 Reg^t

. It is impossible for me to get my ____ this week as one town [Detroit] does not have her meeting until Monday and I pray you to indulge me by granting my request.

Truly yours in Haste

I will just mention that my townsmen expressed their confidence in me by electing me 2nd Lieutenant of Maltia.
