Doctor John Warren
Dear Sir,

We have drawn off from our books the endured account and take the liberty to send it to you. Your son Joseph requested us a short time previous to his leaving this county for Boston, to furnish him with our account and accordingly we put in a letter delivered to him at Palmyra. Perhaps the letter did not reach that place is reason for his reception.

The charge relative to suit in your name against Caleb Shaw for trespass is larger than usual, because the _____ was _____ in court a long time. It was settled at the time we made the **range** of your son. The several charges will easily be recollected by your son, as they have heretofore been shown to him. We will thank you to show the account against your son to him. When a convenient opportunity owes the payment of the account will very much oblige your friends and obedient servants.
