My Dear Uncle

Our sessions of the last week appointed Benjamin Shepard and Ephraim Town Esq. agents to make the Palmyra Road. You will therefore be able to make such arrangements respecting your proportions of expense, or contemplated.

There are two actions in our court against Joseph upon note of hand. Judgments' are recorded upon each. Have requested the creditors to delay sending the execution to Boston until you could, receive information. One of the judgments in favor of the Folsom of this town is about \$73.00. The other upon a note enclosed to the inhabitants of Augusta is about \$36. Mr Wales the bearer has a note for about \$22 given to Judkins and by him endowed.

If it be your wish to discharge these debts or any of them you may give Mr Wales or nearly their sum as convenient and I will attend to their discharge.
