**INDEX TO NAMES**

Pgs. 255 – 263

The Morris Area Genealogy Society (MAGS) of New Jersey has been given permission to make this book index available to the general public via our website (<http://www.rootsweb.ancestry.com/~njmags/>).

The Index was created by the book authors. Please read the introduction to the Index, starting on the next page, to understand how the index was created, what is included and what is not included.

MAGS members can see the entire book for free on the private MAGS-Members Yahoo Group site.

If you are not a member of MAGS and would like to obtain a copy of the book, contact the author directly, information above.

If you would like to obtain a copy of one or more pages from the book, MAGS can provide non-members with that service for a nominal fee of \$1.00 per item (5 items free to members). Send your lookup request to the following address. Include the title of the book, and the person name and person number you are requesting copies of, and include payment.

## INDEX TO NAMES

This index includes the name(s) of the person identified by number, their spouses, and the parents of spouses. For example, under Number 10 are Daniel Prince Crane; his wife Phebe Burnet (listed as both Phebe Crane and Phebe Burnet); Phebe's father Matthias Burnet; and Phebe's mother (listed as both Mary Lindsley and Mary Burnet). If a person was known to have a nickname, or if a middle name was used rather than the first name, all are listed. For example, Mary (Minton) Crane (Number 7) was often called "Polly." Her name appears in the index under Mary Minton, Polly Minton, Mary Crane, and Polly Crane.

Page numbers are not given in this index, but the search for page numbers can be narrowed down: Person 1 begins on page 6; Person 2, page 8; Person 3, page 10; Person 4, page 12; Person 5, page 14; Persons 6 through 8, page 15; Persons 9 through 20, page 19; Persons 21 through 96, page 41; and Persons 97 through 477, page 113.

The individual narratives and chapter notes include many names of family members and associates that are not listed in the index. If you are looking for someone not readily identifiable in the index, don't hesitate to do a word search of the entire document.
