INTRODUCTION

This index is to Number 1 (March), Number 2 (June), and Number 3 (September) of *TREE TALKS* Volume 48.

This index is in two parts, an Index to Subjects and a Surname Index.

INDEX TO SUBJECTS includes 1) titles of articles, and 2) a list of the types of records printed for each county and, where appropriate, the names and location of the work abstracted.

SURNAME INDEX includes personal names appearing in all abstracts and transcripts.

PAGE NUMBERING SYSTEM: Each year's *TREE TALKS* pages are numbered consecutively, beginning with page 1 and ending with page 190. In addition, pages for an individual county contain a separate set of numbers. For each county this began with page number 1 at the first appearance in *TREE TALKS* of abstracts or transcripts for that county. Entries in the surname index, accordingly, carry two page references; for example: the entry HALL, Daniel 60 OSWE271 should be read Volume page 60, Oswego County page 271. The name of Daniel Hall appears on page 60 of the quarterly, which is also the 271st page of Oswego County material to have been printed in *TREE TALKS*.

SYMBOLS:

(2) Parentheses with a number in them following the page number indicate that the name appears that many times on the page cited. If the name appears on more than one page, the parentheses may be placed following the number of a page on which it appears more than once, e.g. PARSONS, Gerald J 014, 015(2), 016(3).

-f- -m- These symbols indicate sex if it could be determined by the indexer from a reading of the text and are used when no forename is given or initials only, or if the forename is ambiguous, e.g., MONDAY, Bimah -m-.

() Parentheses indicate a maiden surname. If the maiden name is given in the text, it is shown in parentheses in the index, e.g., AINTO, Guiseppa (Baio). This is also indexed as BAIO, Guiseppa. If the maiden name is not given, the index shows AINTO, Guiseppa ().

--- Dashes indicate unreadable text, e.g., WILCOX, E---nin -f-, or the absence of a given name, e.g. YOUNGLOVE, ---.

TITLES appear in the index only when no forename was given or initials only were used, e.g., ROOT, --- Dr, and to indicate a married woman, YOUNG, Homer Mrs.

SURNAME VARIATIONS: All variations of a surname should be searched. Names are indexed as they appear in the abstracts in *TREE TALKS*. No attempt is made to combine variant spellings into one alphabetical listing.
