

Army Births in British Guiana from the "Overseas" GRO Indexes

1. BIRTHS & BAPTISMS

Army Births & Baptisms (AB91) 1761-1924, and the Supplement (also called Regimental Births Index), Army Birth Returns 1796-1880 (also called Army Chaplains Index), and the Supplement, 1881-1885, 1886-1890. Note: other indexes in the overseas series include Marine, Consular & High Commission births, but these do not include British Guiana except for the High Commission returns post-independence, which are late C20th and therefore too recent to be included. Some names appear in more than one index; where this is obviously the same person (same name, year and regiment) the entries have been combined, but where there is any doubt (same name & year but different regiment) there are separate entries. **NOTE:** This record only provides the parent(s) names, not the newborn child. It is believed that under the column 'Regiment', that "W.I.R." may mean West Indies Record /Returns.

Last Name	First Name	Station	Year	Regiment	Vol.	Page	Index
