Erik Conard Research, FHL, Salt Lake, UT, Unless Jacob's stone can be found and/or his exact birth date determined, it won't be possible to identify which of the many Jacob SCHNORFs he was in the Uetikon records, or what his parents' names were. Research by other members of the Schnorf group has determined that Uetikon, Switzerland is the proper location for the family in Europe.

70. *1870 Census Indiana, Shelby Co., Washington Twp*, #114, James Tully 26, b. NC Etta 30, b. IN, with Emily Billingsley 7, Sally Billingsley 3. these girls are a match for Emma 17 and Adaline 11 listed as granddaughters to Elizabeth Billingsley in 1880. Emma/Emily born [abt 1865] and Adaline/Sally [b. 1869 or 1866] are a question. There doesn't seem to be an explanation for their surname of Billingsley. Their names echo two daughters of Moses and Elizabeth Billingsley: Indiana Ellen [1847/1845] and Adaline [1840/1842]. They live with Etta in 1870 which was first assumed to mean that she was the wife of a Billingsley son. See note in Elizabeth Billingsley b. 1799 for another explanation. There are no other early marriages in Shelby county that can explain the issue. In 1870 the two girls are Emily 7 and Sally 3 Billingsly living with James and Etta Tully. Elizabeth calls Etta daughter and James is son-in-law.
