CAMERON COUNTY GENEALOGY PROJECT

The Project is THE online resource for the history and genealogy of the people of Cameron County.

The Project is a group effort of many people who have donated time, resources, photos and more so that anyone can log on and research their family, enjoy old photos of Cameron County or touch base with an old friend or new cousin they just discovered.

The Project is ongoing and continually growing with new information and photos added weekly. We have had over 36,000 hits on our site since January 2000.
