

Transcribed by Stirling Edwards, Sept 2004, from the records of St Johns Anglican Church, Arichat (PANS Microfilm 11206)

Note: This list is among the papers of the Rev James Allen Shaw, the first Rector of St Johns. It is dated about the time of his retirement in 1851. It is equivalent to a full nominal census of all non-Catholics on Isle Madame, almost 20 years before the the first official nominal census in 1871. In most cases it also gives the maiden names of the wives.

The names are obviously arranged in families, but without any breaks between families, so have been left as in the original.

A few final surnames appear to have been added to the list later; the obvious ones are shown in italics as (*Name*) below. These additions seem to be the names of future husbands.
