

The Texas Marriage Collections of FWGS

This CD contains three publications from the Fort Worth Genealogical Society. Click on your selection.

The Marion Day Mullins Collection of Early Texas Marriage Records

This 9,570 page collection of 60 e-books contains over 116,000 marriage records from 56 Texas counties. Each book contains it's own index, plus there is an All County Master Index. This was published and sold by the Society for many years, yet it was made available only on microfilm and microfische.

Marriage Records of Early Texas 1824 - 1846

This is the republication of an out of print book which contains every known marriage record that survives from the Republic of Texas era. This 170 page book was published by the Society in two printings in 1970 and 1980.

The Footprints Collection of Texas Marriage Records

This 1,556 page e-book is a republication of all Texas marriage records that have been printed in our quarterly journal, *Footprints*, and it's predecessor, *Bulletin*. Records originate from twenty counties, some containing as few as one or two pages of information and others having as much as 80 to 200 pages.
